

BOSCH
Invented for life

Sand anything, anyhow, anywhere.

GSS 140 Professional

It's in your hands. Bosch Professional.

Sand anything, anyhow, anywhere.

Product Features

Long lifetime

- Dust resistant mechanical system and switch protection
- Very high compatibility of carbon brush and commuter, carbon brush lifetime up to 300 hours

High sanding efficiency

High power of 220 W and 14,000 rpm

Perfect for wall sanding

- Dust resistant mechanical design
- Strong and durable base material
- Optimized multiple grip options

Flexible and fatigue-free for long hour work even for overhead operation

- Optimized multiple grip options from top, neck and tail
- Low vibration and weight
- Smooth start

Robust and convenient clamping system

- Optimized wire design assures strong clamping of sanding paper
- Easy to change sanding sheet with specially designed red button

Key benefits

Flexible and fatigue-free for long hour work even for overhead operation

- Great ergonomic design with multiple grip options
- Low vibration and weight
- Smooth start

High sanding efficiency

High power of 220 W and 14,000 rpm

Long lifetime

- Dust resistant mechanical system and switch protection
- Very high compatibility of carbon brush and commuter, carbon brush lifetime up to 300 hours

Applications

Specifications

Technical Data	GSS 140 Professional
Power	220 W
No load speed	14,000 min ⁻¹
No load orbital stroke rate	28,000 min ⁻¹
Orbital diameter	1.5 mm
Sanding sheet dimension	114x140 mm
Sanding plate dimension	101x112 mm
Weight	1.2 kg
