

Wheel brushes, crimped wire

Crimped wheel brush, industrial quality, for use on power drills and high-speed machines.

- Thanks to a number of selectable trim materials and brush diameters there is a brush for every application
- Small brush diameter enables access to difficult to reached places
- Also suitable for use on high-speed machines
- TÜV-Süd certified (safety tested, production monitored)

Applications : Edge honing, finishing bores, deburring and minor cleaning work.
